// ABOUT ME

Senior Front-End Engineer and UI/UX Designer with 7+ years of experience, I craft **modern, intuitive, user-centered** interfaces by blending technical expertise (**Angular, React, Next.js**) with a strong eye for **design**. I specialize in turning **complex business requirements** into **seamless, high-performance**, and **accessible** digital experiences.

// PROFESSIONAL EXPERIENCE

@Arval - BNP France

// Dec 2024 - Present

● Front-end engineer

Contributed to the **front-end** development of a **large-scale fleet** management platform, focusing on a key feature called **Easy-connect**.
Developed **new components** and **enhanced** existing ones while ensuring **high quality** and **alignment** with functional and design requirements.
Collaborated closely with designers through **UI/UX workshops** to improve the overall user experience. Maintained strong **code quality standards** through **unit testing**, **pair programming**, and **code reviews**.
Actively participated in **team discussions**, **presenting** solutions on a whiteboard to clearly communicate ideas and drive alignment.

Tools: Angular 15 → 20, Bitbucket, Gitlab, Figma

@Sedeo

// Mai 2023 - Aug 2024

● Founding engineer (Front-end expert)

Developed and maintained the platform **Sedeo.fr** and focused on its **performance** and **SEO**: I ensured that the loading and handling of the pages is really fast and smooth through **SSG** (Static Site Generation) and **SSR** (Server Side Rendering) and many other concepts like caching etc... I used **Google Lighthouse** and **React Dev Tools** to measure the performance metrics, while maintaining the best practices for the SEO.
Besides, I used **Bugsnag** and **Sentry** to track down bugs and crashes.
Also worked on the **Admin** dashboard to manage the platform, and **Sedeo Blog: The Green Carpet**, where we share the latest articles.
I also helped with the **UI & UX** where I contributed on **design enhancements** and solved **User Experience** problems

Tools: NextJS, React 18, Vercel, Figma, Lighthouse, Git, Docker, Sentry, Bugsnag

@Value Digital Services

// Aug 2019 - Aug 2022

● UI/UX Designer

Created full UI/UX designs for a mobile application about **tourism**. I had many exchanges with the client to ensure the best User Experience.

Tools: Figma, Procreate, Zeplin

● UI/UX Designer & Front-end engineer

Designed and **developed** the company's website: **value.com.tn**, and made cool logo animations for the company.

Tools: Figma, React, Javascript, WordPress, After Effects

Front-end engineer

I have **supervised** many trainees along my career with Value Digital Services, and have even assisted to their project defense in their universities and got excellent notes!

Tools: Angular 12, React, Zeplin, Git...

Front-end engineer

Developed the online digital banking platform for **BIAT**: the International Arabic Bank of Tunisia.

I was in charge of exchanges with **Backbase** team on a weekly basis.

I have also fixed many **production bugs**, contributed to the **UI/UX** design of the platform, contributed in **talking** with the client (BIAT) for a better understanding of their needs, **maintained** and **enhanced** the solution, and much more!

Tools: Angular 12 → 14, Backbase, Zeplin, Git, Jenkins, SonarQube, SonarLint, Jasmin, TSLint

Front-end engineer

Developed an online platform for international real-time banking transactions for the **Central Bank of Tunisia**, with a digital currency called **MNBC**: Monnaie Numérique de la Banque Centrale, based on **Blockchain** technology. It has been an honor when the first MNBC transaction ever between Tunisia and France has occurred successfully!

Tools: React 16, Adobe XD, Git

@Kpeiz Digital

// Oct 2018 - Jul 2019

Front-end engineer

Created **Kpeiz** online **dashboarding**, **reporting** and **analysis** platform. Here I started from zero knowledge of Angular, and in about 10 months I was **leading** the frontend recruitment process of the startup!

Tools: Angular 6 → 8, Git

// EDUCATION

● **Software Engineering** // 2015 - 2018
@Higher Institute of Computer Science & Multimedia of Sfax

● **IT Bachelor** // 2012 - 2015
@Higher Institute of Computer Science & Multimedia of Sfax

● **Mathematics Baccalaureate** // 2008 - 2012
@15 November 1955 school (El Hay)

// CERTIFICATIONS

- Voice-Over Masterclass - Udemy, 2023
- Learn Angular 4 from scratch - Udemy, 2018
- Javascript & ES6 - Udemy, 2018
- Successful Mobile Sites - Google, 2018
